### Knights Templar To Have Easter Service Sunday

Things happen so thick and fast in Bryan that it is again time to make a resume of what is going on. Anybody would think that we were all Republicans judging from how quickly everything moves here, especially in a business way. We are like Republicans from being dry to engaging in stocks and bonds. Perry Bros. store is to open Thursday in the building formerly occupied by The Fair. This is one of the biggest stores of its kind in the country, will give employment to a number of citizens, and will draw trade to Bryan from neighboring counties. We already had Acorns and Pennies planted, which showed that Bryan was a fertile little city. Since Perry is our latest business growth, they, too, probably will open with music. The Halsell Motor Company will move to their new home near the Parker Lumber Co. in a few days, and will make things Dodge in that section. The beautiful new home of the Chevrolet near the postoffice also is being pushed to completion. This, like the Halsell Home, will be one of the prettiest.

## About Bryan

The Extension Service Club of A. and M. College will meet at 3 o'clock Thursday afternoon at the home of Mrs. N. F. Rode. Mrs. A. W. Buchanan and Mrs. W. H. Darow will be joint hostesses.

Mrs. M. R. Bentley, representing the Extension Service Club; Mrs. F. B. Clark, fourth district state biennial chairman; Mrs. Chas. H. Wickler, president Campus Study Club, and Mrs. Lee J. Rountree, chairman legislative committee fourth district, returned last night from Belton, where they attended the meeting of the fourth district Texas Federation Woman's Clubs. They report a very enjoyable and profitable meeting.

With two perfectly good Elks as a load on his big moving trucks, Jess Conlee, transfer man of Bryan, left early Tuesday morning for Kerrville, to deliver the "goods" from A. and M. College to L. A. Schreins of Kerrville. Mr. Conlee reports a lively, but safe and sound trip.

**Bryan Women Attend Fourth District Meeting Federation Of Women's Clubs At Belton College**

By AUDREY MAE STRICKER  
News-Tribune Staff

BELTON, April 3.—Federation of Women's clubs must have something to do with politics. In direct contradiction to statements made by representatives of various clubs, Mrs. Lee J. Rountree, Bryan, chairman of the legislature of Texas Federation of Women's clubs, stated her opinion at the Tuesday afternoon session of the meeting of the fourth district in Alma Reeves Chapel, Baylor College, Belton.

"I do not mean partisan politics," Mrs. Rountree continued, "but I do mean the study of government. Every woman should be armed with a poll tax. It is vital that she use it. I believe that the solving of the problems of Texans lie in the hands of womanhood. This study of government should not be made only to solve the problem of the club woman, for after all, that is a very small phase of life, but to make every woman a good American citizen, for this is the whole problem," she concluded.

**Fourth District Leads**

A telegram stating that fourth district led all other districts of the Texas Federation of Women's Clubs in amount paid to the biennial fund was received during the afternoon business session by Mrs. A. M. Waldrop, Bryan, chairman of biennial fund, from Mrs. Homer P. Wade, Fort Worth, treasurer.

In the absence of the chief speaker of the afternoon, Mrs. Lee Joseph, who was to have spoken on "World Amity" and in the absence also of Mrs. E. P. Anderson, Brenham, chairman of the department of applied education, reports of the officers in her department were heard. Miss Margaret Horsfall, Waco, stressed the importance of every club having a committee on better American speech, and a reduction of illiteracy, which ac-

### LIONS' CLUB SOON TO MAKE COUNTY TRIPS

JESS HENSARLING TELLS OF PLANS FOR EASTER EGG HUNT SATURDAY

Addresses by Rev. Bob Self, evangelist of the Free Baptist church, and by Ben Kaplan, home from Tulane University, a solo by Horace G. Briggs, who is a singer for the revival here, and appointment of committees to make complete plans for visiting various communities over the county were the features of Tuesday's meeting of the Bryan Lions Club.

It is the plan of the club to visit each community in the county, taking speakers who are experts in agriculture, and entertainers of merit. The appointment of the following committees was named for this campaign: General chairman, Jess Hensarling; attendance, W. S. Howell and Jess M. Cook; schedule, Sam E. Eberstadt; speakers, A. S. Ware, and music, Mrs. Roy Danforth.

The program committee for the remainder of the month announced as follows: Second week, Harry Estill; third week, Jess Cook; fourth week, Captain George W. Griner.

Upon motion of Supt. H. L. Durham, Bryan Miller was appointed on the advertising committee to cooperate with the ladies in entertaining the Ninth District Parent-Teachers' meeting here in April.

Jess Hensarling stated that the annual Easter Egg hunt for the school children of Brazos county will be held Saturday afternoon at 3 o'clock at the Sue Haswell Memorial Park. It is announced that Bob Armstrong was in charge of hiding the eggs, and many members of the club promised to be present Saturday at noon to assist him.

Willard Chambers spoke briefly on his trip to Detroit recently. Secretary Bob Armstrong, whose approaching marriage was announced.

Miss Vada Tucker has resided in Bryan six years, her family having come here from Taylor.

The wedding in Houston will be a simple ceremony, according to the announcement, with only relatives and a few friends in attendance. The Rev. Samuel Pearson, grandfather of the groom-elect, will perform the ceremony.

Morse Pearson, the groom-elect, is a junior at the A. and M. College of Texas, being a student in the school of architecture of the structural engineering course.

The following were present: Jess M. Cook, A. S. Ware, F. B. Partonella, J. M. Ferguson, Rev. W. W. Daup, Ben Kaplan, R. C. Franks, Bill Wimberly, Henry Locke, Tom G. Suber, George W. Griner, W. E. Neely, M. F. Vitopil, U. M. Brock, J. Bryan Miller, Jack G. Gillette, W. S. Howell, J. E. Hensarling, Harry Edge, Rev. R. V. Self, Harry Edge, Rev. M. L. Hollis, Miss Thelma Showalter, Horace G. Briggs, J. A. Clutter, S. D. Snyder, Harry L. Durham, R. V. Armstrong, Willard Chambers, M. Schulman, F. D. Fuller, K. G. Kirkland, Ross M. Sherwood, J. B. Miller, Rev. Thos. Gordon Wattie, Frank H. Spencer, Noah W. Daniels, Fred Hale, Rip Erskine, Mrs. Roy Danforth, and Ty Cobb.

cording to Mrs. Fred Robinson, president, is one of the aims of her administration. There are over 5,000,000 illiterates in the United States, Miss Horsfall said. An illiterate, according to state bulletins, is one 10 years of age or older, who cannot write the letters of the alphabet nor read intelligently the newspapers.

Reports from clubs were heard, Mrs. E. H. Astin, president, gave the Bryan Woman's Club; Mrs. L. O. Wilkerson, Bryan Reading Club; Mrs. M. R. Bentley, Extension Service Club; Mrs. F. B. Clark, College Station, fourth district biennial chairman, gave her report and the progress of the work.

**Honoring Mrs. Robinson**

Preceding the concert, and following the drive over the city where visitors were guests of Belton club women with Mrs. Louis Tyler, chairman, there was a dinner at the Park hotel, given by Belton's members of the federation, and the Chamber of Commerce, honoring Mrs. Robinson.

Mrs. J. C. Hardy was toastmistress, and Mrs. Cal Proctor spoke briefly on the federation and its president.

Mrs. S. F. Clark gave the toast to Mrs. Robinson, who responded with "These Strangers Within your gates."

Readings were given by Miss Frances Cain and Miss Mary E. Lattimer, Baylor college. Mrs. P. L. Stone, Belton, gave a toast to the Fourth district.

At the final session of the convention to be held Wednesday morning in Alma Reeves chapel, was killed an army chaplain, was killed today when his plane crashed near here. Inspection of the wreck led officers to believe Bonner was killed by crash and not by flames which burned his body after the fall. The cause of the accident was not determined.

### APPROACHING MARRIAGE IS ANNOUNCED

Announcement of the date of the approaching wedding of Miss Vada Tucker, of Bryan, and Morse Pearson, of Houston, student at the A. and M. College of Texas, came as a surprise at a Colonial bridge party given Tuesday night for Mrs. J. E. Orr, a younger sister, Miss Patty Tucker, another sister, at the residence of their mother, Mrs. E. C. Tucker. As announced to friends gathered at the affair, the wedding will be held the afternoon of April 20 at Houston at the residence of Mr. and Mrs. W. L. Pearson, parents of the groom.

Guests for six tables were present at the affair honoring Mrs. Orr and at which the date for her sister's wedding was announced. Out of town guests included Miss Virginia Pearson of Houston, sister of the groom, and Mrs. L. G. Rich, of Stephenville, who formerly lived in Bryan and is here visiting her mother, Mrs. T. Munson. In

himself, Miss Patty Tucker honored both her sisters, Mrs. Orr, who was recently married, and Miss Vada Tucker, whose approach to marriage was announced.

Miss Vada Tucker has resided in Bryan six years, her family having come here from Taylor.

The wedding in Houston will be

a simple ceremony, according to the announcement, with only relatives and a few friends in attendance.

The Rev. Samuel Pearson, grandfather of the groom-elect, will perform the ceremony.

Lieut. Toncray Visits In Bryan

Many Brazos Valley farmers will remember Lieutenant Toncray who did extensive airplane poisoning last year on the Chance, Mooring, Porter and other farms. The company then doing the work being Huff-Daland Company of Monroe, Louisiana. Recently a large company was formed at Corsicana, Texas, whose business will be to do airplane poisoning for boll weevil, army worms, etc.

Cotton futures quoted up to 2 points down. Local spots quoted from 18 1/4 to 19 1/4 cents per pound.

This will be the second appearance of Dean Williams at A. and M. He having visited the college and lectured here last year. The present season's lecture itinerary which he is filling calls for appearances at seven Texas points, six of these being at educational institutions in the state.

Dean Williams is well known in Texas. He established one of the first schools of journalism in this country and has been signalized not only in the United States but abroad in recognition of his work in this field. A student of conditions in other countries as well as this, and a widely traveled man, Dean Williams is a speaker who has a reputation for exerting a strong appeal.

Interest in the rat campaign is growing with leaps and bounds. On

Tuesday seven schools were visited,

as was the case on Monday, with a mass meeting at Tabor

Tuesday night. Already rat tails

are rolling into the schools in great numbers. Reports will be sent to

the county superintendent's office

each week end, but only county

totals will be given out each week,

the standing of individuals as well

as schools, will not be given out until the close of the campaign on May 12.

The Rye school reports an interesting incident already: In one of

the traps set on Monday night was

found a rat foot and tail, fellow

evidently releasing their fel-

low victim by cutting off the tail

and amputating the foot.

A rat drive will be made by the

Tabor school on Saturday morning

and others will follow at other

schools and communities.

Next week will be given over to

salamander work, conducting dem-

onstrations in trapping and poison-

ing. Mr. Spencer will show you

how to rid your place of salaman-

ders, if you have sufficient infes-

tion and will ask at least 6 of

your neighbors to attend the dem-

onstration. Already a few dem-

onstrations have been scheduled,

one at the R. L. Jones farm Mon-

day morning at 10 a. m., and Tues-

day at Ed Elliott's near Tabor at 8

o'clock and at John Smith's at 11

a. m. See the county agent, a

## Easter Egg Hunt Slated April 7

More than 2,000 school children of Brazos county are expected to take part in the annual Easter Egg hunt to be held here Saturday, April 7, according to Jess Hensarling, chairman of the committee.

Various local organizations have been enlisted to co-operate in the undertaking. Music will be furnished by the Allen Academy band. The parade will start from the court house at 2 o'clock and the children will wind their way to the Sue Haswell Memorial Park.

(Continued from page one, will be published now in a day or so.)

Come on, climb aboard.

Grasp your opportunity right now, for in just a few short weeks it will be gone—never again to return. Remember that the Eagle is your home paper. You need it and it needs you. It needs your cooperation because it has your town, your home and your interests at heart, vitally.

It is the biggest factor that will carry your town to its goal of success, and remember it is only honest to goodness team work that will win that goal for you, so get in the game. Play fair with your neighbor and yourself. If for some unusual reason you are prevented from taking an active part in the Opportunity Club yourself, help your neighbor to win one of those two wonderful cars or one of the other rich and valuable awards.

Play fair with your community, and your town by doing your share towards bigger and better things for Bryan.

It is only when everybody gets into the game of boosting Bryan, that Bryan will achieve its ambition, bigger and better business mart and a bigger and better Bryan, a better town to live and make a living in. The Opportunity Club of The Eagle is a move to extend the natural trade area of Bryan and increase the power of The Eagle as an advertising medium for Bryan merchants.

The Opportunity Club has been created especially for you and your town. It is your one big opportunity to make in the next six short weeks, more money than you have had in your life before, even in twice the length of time, more money than you will ever make again, at anything else in the same amount of time.

Clip that entry blank of yours in today's paper, send or bring it into Opportunity Club Headquarters at The Eagle Office, along with your first subscription and you will be started towards the ownership of that 1928 Nash Special 6-door sedan with over 27,000 credits.

Further delay is mighty dangerous!

Do it now today. Pick out the car you want to own and get in and get going now. Remember it's yours for the effort!

## WE MUST--

(Continued from page 1) churches today—each is trying to get ahead of the other. This is not God's purpose. What will we answer Him—are we going empty handed?

David thought that no one cared for his soul, as long as he was high up he did not worry about it but when he got down and out he lost the joy of religion. We have the illustration of the crippled man at Bethesda Pool where he was told an angel came down and troubled the water and the first person bathing in the water would be healed. Jesus asked the man his business there. He told him what he came for and that he was crippled and someone always got in before him. This is the work that Jesus has left for us to do and if we are not caring for these souls we are not doing what Jesus wants us to do. "I am the vine, ye are the branches."

I am looking down towards Jerusalem. I see a young man lying by the road, he has been laid up stripped of his clothing, raw and bleeding, left for dead by the robbers. I see a man coming down from Jerusalem and he rides along beside the boy: "Why, there is Mrs. Brown's son, he has been beaten, I can save that boy, but he belongs to the Baptist church," and he rode on. Another man comes along and sees the boy and exclaims about it but he does not stop because he is a Methodist. Another passes him up saying the same thing: "He could be saved, but he is a Free Baptist." But thank God along came the good Samaritan who is so good he almost forgot what church he belonged to. I see him get down off his beast,—that is what the world needs, to get down off the beast of pride, the beast of selfishness,—binds up his wounds and takes him up on his donkey. He says: "Now you just lean over here, it is only a short distance to the hotel." He reaches the hotel: "Hello! Wake up! I have a man here who has been robbed, beat and left to die. I want you to take care of him until I come back, here is some money, if it is not enough, I will pay the rest when I return." This is the kind of people the church needs today—personal workers.

The citizens of Cameron have been offered a new 75 room hotel if they will subscribe a premium of \$25,000 and turn it over to the owners. Bryan received its fine new hotel without having to give any bonus whatever. Bryan is more fortunate than any other city of its size in Texas.

What our occupation will be in heaven was discussed by Rev. Roy S. Holloman at the College Avenue Baptist church. Heaven will be more inviting to most of us if we do not have to follow the occupation that we have piddled with on earth.

Arthur Vandenberg, editor of the Grand Rapids Herald, has been appointed United States Senator from Michigan. He succeeds the late Senator Ferris. Each year finds more business men and newspaper men in public offices.

The pink boll worm is believed to be a more serious menace than the boll weevil. The reason for this is that our experts know more of how to eradicate it.

The farmers of Brazos county have become weary of waiting for Republican farm relief and now are taking it out on the rats.

she prays; God tells her to make an ark and place it on the river. She works all day at the brick yard and each night works on the ark. I can see her many times lay Moses in the ark to see if it fits. She places blankets and necessary things in it. At last it is finished. It fits Moses exactly. I see the mother and Mary, sister of Moses, start towards the river. I see her slip through the cane rushes, then down the bank and just before day God said: "This is the place." I see her and Mary kiss the baby goodbye, and she tells Mary to watch him carefully and the mother returns to the brick yard. When Pharaoh's daughter came down for her morning bath, she sees the ark and tells her servant to go get it for her. She wants the fine boy after she sees him. Mary, who is watching, comes up and asks Pharaoh's daughter if she does not want her to get Hebrew woman to take care of him. I see the little girl run to the brick yard, that is one time that the mother does not tell them she is taking the morning off, but she rushes to take care of her own boy. Take care of your own boy and girl and when you come up before the great judgment bar you can answer Him: "I have done my best," and hear Him say, "Well done thou good and faithful servant."

"A Neglected Salvation" will be the subject Evangelist Self will speak on tonight. Song service at 7:30. Sermon at 8:00 p. m. Everyone is invited to attend.

## Rotarians Put On Program At Kurten Thursday

Notwithstanding the busy season with the farmers the special dairy meeting held under the auspices of the boys' and girls' 4-H Club of Kurten was well attended Thursday night. The Bryan Rotary Club, under the leadership of D. L. Wilson, put on the "ousements" in the way of songs, and stunts before the principal speaker of the evening. Dr. E. P. Humbert of the College spoke briefly on genetics in its relation to the dairy problem, and said that the dairy people had done more to solve the breeding problem than any other group of livestock farmers. "Big Bill" Williamson sounded a note of optimism by saying that we are living in an age of more comforts and conveniences than in all the past and that while farming may be running in "second gear," still through cooperation and the proper study of our problems we may shift into "first" and thus put old Brazos county in the lead agriculturally.

L. A. Butler of the International Harvester Company was the principal speaker, dealing primarily with the dairy industry as a year-round pay roll for the farmer. He pointed to the fact that during crop failures it was the dairy sections that were affected least. He stated that DeWitt county, his own home, had increased the number of dairy cows from 400 in 1925 to more than 4000 in 1927 with the result that thousands of dollars were being distributed monthly to the farmers of that county for cream and other dairy products to say nothing of the increase in pork and poultry production as a result of the dairy business.

Mr. Butler's talk was well received.

We desire to acknowledge our deep appreciation to all friends for their assistance, expressions of sympathy and the beautiful floral offerings during the illness and at the death and funeral of our beloved mother, P. J. PALASOTA AND FAMILY, M. SCARDINO AND FAMILY, J. T. DENENA AND FAMILY, M. ALTIMORE AND FAMILY and MW. J. PALASOTA.

Received and the people seemed much interested in the possibilities of the dairy industry. W. H. Buchanan, president of the community club, was asked to announce a committee at the regular meeting on the first Saturday night to work out plans for the dairy enterprise in that community.

Pete Hill, representative of the Bryan Eagle, explained the campaign now on for increase of circulation of the Eagle and asked the cooperation of the people in this undertaking.

Those attending from Bryan and College were: Dr. John W. Black, Tyler Haswell, W. L. McCulloch, H. Reid, Dr. E. P. Humbert, J. A. Clutter, A. S. McSwain, J. H. White Sr., W. R. Fairman, D. L. Wilson, Victor Gayle, H. H. Williamson and C. L. Beason.

## Church Ladies Coloring Eggs For Easter Hunt

The church women of Bryan are busily this week boiling and coloring Easter eggs to be used in the county-wide Easter hunt Saturday afternoon at 3 o'clock in the Sue Haswell Memorial Park, the hunt being sponsored by the Lions Club.

Jess Hensarling, chairman of the committee, states that the children will go directly to the park at 3 o'clock instead of to the courthouse first as last year. Every school child in Brazos county is expected to attend.

Joe Kaplan and U. M. Brock of the Lions are making a canvass of the business section this afternoon obtaining prizes to be given by the merchants for children who find eggs with the firm's names on them.

Mr. Hensarling asks the ladies to bring the eggs to the Episcopal parsonage by Saturday morning at 9 o'clock. The Lions Club appreciates the co-operation being given by the ladies he said.

Bob Armstrong is chairman of a committee that will hide the eggs from 12 to 2 Saturday afternoon. Members of the club have promises to assist him Saturday at noon.

Dear Shoppers:

Only four more days in which to

buy Easter Shopping; and I'm

venturing that you have never

known an Easter season to be quite

so conorful and optimistic. Personally, I am glad that nature always

stages her great annual "coming-out party" in connection with the Easter Season; for in tuning our lives and our surroundings with the spirit of Springtime and nature's resurrection, we foster a mental attitude conducive to appreciation for the significance of Easter as a Christian holiday.

Easter is the one season of the year when extravagance and economy may be consistently combined.

In the Economy of Life, it is necessary that we feed the aesthetic and spiritual as well as the material wants of our body. The extravagance of Nature at Springtime, is the divine forethought that becomes economy at another season; and the providing of new apparel and furnishings in keeping with the renewed energy and life of Spring, is in the end economy when we consider our spiritual and aesthetic needs.

Your home town merchants are advertising for your convenience just the things that will give you a feeling of freshness and renewed purpose in keeping with the spirit of Easter. This is a season of color and beauty; and you will find excellent values in both garments and furnishings, regardless of the price you want to pay. Shop with your home town merchant first.

Yours for better shopping service.

Wouldn't you like to be the man, woman, or child, who is lucky enough to win the Nash "Special Six," in the Eagle Circulation Campaign? I dropped in to see it the other day, and you girls who have been sighing for a lovely four-door sedan, with luxuriant silver trimmings, and soft velvet upholstery, etc., have a chance to be the lucky individual, if you get in and begin to count your "credits." Just think of having a car that sells for \$1435, for only five or six weeks' work! Well, some body will.

Club Notes and Farm News By County Agent C. L. Beeson  
and Lucy A. Givens, Home Demonstration Agent

## To Give Play

Misses McCall and Bush, teachers of the Rye School, deserve much credit for the splendid training given the club boys and girls of that school, enabling the club members to put on a fine little play at Smetana with only two or three days' practice. The same play will be given at Rye on Tuesday night, April 10 at which time the Rotarians will be asked to help in the program. The Rye club is one of the most active in the county, teachers and parents being solidly back of the work.

## In Demonstrations

Among the farmers carrying out fertilizer demonstrations this year are John McCallum and Walter Armstrong of Tabor, Will Conrad of Fickey, Herman Henderson of Kurten, J. J. Riley of Reliance, W. T. Conway of Independence, K. Kelly of Harvey, F. E. Jones of Route 5. These farmers are co-operating with the county agent in trying to ascertain what fertilizer formulas are best adapted to Brazos county needs and then when this is determined it will be necessary to find the most economical source of nitrogen which may be used to make up this particular formula. This year some farmers are using cotton seed meal as the source of nitrogen, but it should be evident to everyone that the price of cotton seed meal is too high for the farmer to use it as a source of nitrogen. Would it not be well for us to begin to study this fertilizer problem as it relates to our needs in Brazos county?

TABOR TALES  
PROF. R. L. HEWETT, EDITOR

A campaign which aims at the extermination of harmful rodents was begun Saturday in Bryan. The meeting was called by the Bryan Chamber of Commerce. The importance of the campaign is attested to by the value of the prizes that are offered for the winning contestants. Of course, I suppose everyone realizes that rodents do a great deal of damage but I am sure none consider them as destructive and dangerous as they really are.

Even in this immediate community rabbits and rats are destroying quite a good deal of garden plants and rats are eating various things ranging from feed-stuffs to car linings, and not so very long ago a rumor was circulated that a bold rat had tasted the toe of one of our popular citizens. It is surely time for us to become interested in getting rid of such terrible pests. Why not try the old scheme of filling a tub with water and sprinkling cottonseed hulls about an inch thick on the surface of the water? I have heard of large numbers of rats being caught in one night with this "blind alley" trap. Large numbers of rabbits have been killed here in the last six weeks, perhaps if each of us does his level best we might find enough of them left to help us in the grand prize. Let's keep Mr. Bunting busy counting rat tails until we put the famous Pied Piper of Hamelin to shame as a rat destroyer. Now I have the honor of bringing in the first specimen—a mouse tail.

Just at the end of school the lighting system fails and doubtless an overhauling job is necessary before commencement exercises are possible.

Too bad we can't count the hundred and some odd rabbits killed as the pasture east of us burned a month ago when four hunters slew right and left. About a week ago four boys killed over fifty.

## Steep Hollow

STEEP HOLLOW, April 5.—Mr. and Mrs. Berry Risinger and son, Junior, and Mr. and Mrs. Elmer Bullock and son, Harlan, visited Mr. and Mrs. Barlia Risinger of Madison county Saturday night.

David Bunting carried most of the grammar grade students to the Brazos River Friday on a picnic.

The crowd left the school grounds about nine o'clock in great glee, Joe Locke carried most of the

and Sunday.

Miss Ruby Foster of Bryan late-  
ly spent the night with Miss Erma Bullock.

Mr. and Mrs. Sam Bullock and children, Zula Lois and William of College community, were guests of W. E. Bullock and family Sunday.

Mit Weedon and family of Harvey, were guests in the I. M. Cook home Sunday.

Mrs. A. C. Williams and daughter, Alta, of Bryan, lately visited her parents Mr. and Mrs. T. A. Hensarling.

Rev. Byron, pastor of Rock Prairie church, preached for the third Sunday in March. He preached an interesting sermon. We were glad to have him with us.

The Madison county singers came over the fourth Sunday and had an all-day singing which was greatly enjoyed. Madison county people are noted for their good singing. People from different parts of this county were also present.

## PEOPLES'S

business homes in the community. Supt. Durham says that if we can get school houses to match our garage houses we'll be safe. Everybody is joining in to try to get the new LaSalle Hotel opened in a few days. They built it without accepting any bonus or premium from the community, but it is quite a job to get it opened. Everybody is ready to flock in as soon as the doors will swing open. They call Oklahoma the "Sooner" State because in 1893 a lot of fellows ran into Oklahoma from Kansas sooner than they should. Judging from the enthusiasm our citizens have in the opening of the hotel, similar conditions may exist here. While we are occupied with garages and hotels, the people over the county are trying to exterminate the rats. If they don't get rid of them, everybody will have to come to town to live. Let's help in the rat campaign to encourage the back to the farm movement.

**Go After Rats**

Girls, get every rat you can. The home demonstration agent has been looking over the lovely prizes, offered by the Bryan business men, to the girls of the county who kill the greatest number of rodents during the rat extermination campaign. Winners will be delighted with any one of the handsome premiums.

**Lest You Forget**

It is reported that Brazos county farmers are hauling their eggs

to Caldwell because of the better price being paid in that town. No doubt as they sell their eggs they will, in turn, trade more or less with the Caldwell merchants. We are not one that would try to build a wall around the produce and force him to sell his product at a loss when another market will offer more. It is your business to hold or to let it get away from you. What are you going to do about it?

## Good Truck Patch

The fine garden and truck patch belonging to Joe Denena just on the northern city limits is a fine demonstration of the possibilities in Brazos county for truck crops, onions, berries, turnips, radishes, spinach, potatoes, corn, beans, peas, cabbage, garlic, etc., growing luxuriously. Brazos county has the possibilities.

## Two Weeks Left

Members of the living room improvement contest have only two more weeks in which to complete their improvement projects. All are working diligently putting on the finishing touches. The home agent is pleased with the improvements that have been made. County judging is to be done during the latter part of this month.

## Three Gasperools and Two Eels

John Barnes and son, Roy, Jake Coil, New McWhorter, R. Cooper and R. L. Hewett spent Friday night on the Navasota river. In addition to catching some fish these gentlemen enjoyed playing a goodly number of games of "42" and dominoes. Luck? Yes, four cats, three gasperools and two eels.

Miss Nora Wilson, daughter of Mr. and Mrs. Lee Wilson, and W. C. Scasta of Bryan, were married in Franklin, March 27. Nora was one of our graduate students and we miss her merry jokes and laughs at school. Her marriage was a great surprise to all her friends and relatives. The couple are living in Bryan. They have the best wishes of their many friends and relatives in Tabor.

Miss Norene Brown spent the week-end with her relatives in Normanbee.

Miss Winnie Harris and Miss Norene Brown, teachers of our first four grades carried their young pupils on a picnic Friday morning. They ate their lunch and picked wild flowers. They returned about two o'clock and presented a bouquet of wild flowers and a lunch to Chlorys Hewett, who was too sick to accompany them.

At present Robert Vinson Hewett and Lola Mae Hewett are still suffering from the after effects of the measles. While nothing serious is wrong we believe, nevertheless, we felt it wise to call Dr. Wilkerson Tuesday.
